

THE MECHANICS SAVINGS BANK

Clay Street at Third, Richmond, Virginia

The Old Reliable Banking Institution of the City.

Our Bank--Erected 1910

Our Burglar-Proof Round Door Vault.

Open An Account With Us.

We have the following equipment--

A Dictagraph Service, which connects the offices of all of our officers. We can talk in a whisper and be heard in any part of our palatial banking house by the person to whom we desire to speak.

We have installed the Burrough's Adding Machine Equipment of book-keeping. It is the most up-to-date system in use.

We have a thirty-three ton steel vault with a nine ton round steel door. We have five hundred safety deposit boxes in which you can keep your money, jewelry, deeds, wills, insurance papers and the like. You keep one key and we the other. We cannot get into your box without you are present with your own key. Try it. The cost averages only twenty-five cents per month, three dollars per year.

We have so arranged it that you can begin saving with as low amount as one cent, if you join the Christmas Savings Clubs. We have a polite corp of book-keepers and clerks. We will invest your money in any way you indicate. We have a few houses which we can sell on long-time payments. Call and see us about them. Small cash payment taken.

We are making a drive for a Million Dollars in deposits. We have now about half that amount and we want you to help us to reach the goal, which we have set. We live in a friendly community and we want to greet our friends.

Mechanics Savings Bank Stock now for sale. Call and see us about it.
